Tom Faust
VP of Sales & Marketing

RESORT OVERVIEW

Guests at the Margaritaville Lake Resort, Lake Conroe | Houston are encouraged to kick back, relax, and enjoy the sunshine on Lake Conroe, indulging in the “vacation state of mind.” Spanning 186 acres of lakefront property, this island-themed resort is only an hour outside of downtown Houston. Margaritaville Lake Resort, Lake Conroe | Houston is perfect for families and adults alike, with amenities ranging from an 18,000 sq. foot spa to the 3.5 acre waterpark and lazy river. With over 72,000 feet of indoor-outdoor meeting and event rooms, this location’s space and internet capabilities can support anything from engaging conferences to memorable vacations or weddings.

ABOUT

Margaritaville Lake Resort, Lake Conroe | Houston partnered with WCI to provide their guests with a superior entertainment experience. The main objective was to extend the location’s amenities to accommodate families and business guests alike. Providing reliable internet access for travelers is an essential offering of all Margaritaville resorts, and this Lake Conroe staple encourages businesses from all over Houston to utilize their facility for conferences and team-building activities like scavenger hunts and margarita mixology classes.

THE SOLUTIONS

World Cinema and Margaritaville Lake Resort, Lake Conroe | Houston teamed up to provide guests with television channels and streaming services like Netflix and Showtime. This partnership allows visitors to login with their own accounts and continue watching their favorite binge-worthy shows and movies. With both traditional and streaming services, DISH and WCI ensure that Margaritaville guests can choose to plug in or tune out.

DISH SMARTBOX

WCI and DISH Business partner to deliver entertainment technology to some of the world’s largest hotels and resorts. Together, we combine innovation and technology into a package that suits our customers’ needs. We leverage technology to deliver best-in-class entertainment for your guests in a way that easily conforms to your property’s existing infrastructure, which reduces both install time and cost.

Our in-house developed software solutions offer proactive monitoring and remote resolution to the majority of issues, and the power of SMARTBOX by DISH delivers content in the most energy and space efficient manner possible.

WorldVue: In-Room Entertainment Built for Scale

WorldVue is a fully customizable OTT platform enabling your guests to watch their favorite streaming services, view property amenities, use WCI’s mobile remote and more. CarrierWave Creative by WCI works with the property to meet and exceed your brand’s expectations and deliver a one of a kind in-room entertainment experience.

A Word From Tom Faust

VP of Sales and Marketing

Working with World Cinema has allowed us to provide guests with a superior entertainment platform, both inside and outside of their suites. Our partnership with WCI is essential, as our guests need to know they are fully supported during their stay.

A Word From World Cinema

David Goldstone, SVP and Chief Customer Advocate

Working with the Margaritaville Lake Resort, Lake Conroe | Houston team has been a breeze and we're happy to provide them with a personalized solution to their guests' needs. We've worked with hotels around the world, but there's nothing quite like this Jimmy Buffett-inspired resort. That's why it's important to provide a unique experience for their facility. We wanted to provide them with a television and streaming service that exceeds expectations, allowing their guests to enjoy all their resort has to offer.
